

How to Create a Community Needs Assessment

<https://cap.engagementnetwork.org>

1. From the homepage, click the “Find Data” button, then click “Community Needs Assessment.”

FIND DATA

2. Next, select a State, for your assessment location. After choosing the state click a single county or a group of counties. Once you've selected your assessment location, click the “Data Indicators” button.

3. Select indicators to include in the assessment by clicking the check box next to the data category or individual indicators.

4. Click the “Reports” button to create your assessment..

5. To download, share, print, or export your report, click the buttons at the top right.
